Parents/ Manager Remote Control Guide

Particular	Command	
Emergency Location	#01#	
Silent Guard	#02#	The tracker will automatically call back the guardian and guardian can receive the call and listen to the kids surroundings
GPS on	#03#	
GPRS on	#04#	
Anti theft on	#05#	If the GPS tracker is lost and a new Sim is inserted into the tracker, the tracker will automatically send an SMS to the guardians phone number. Note – A guardian has to be preset for this function to work
GPRS off	#06#	
GPS off	#07#	
GPS tracker power off	#08#	
Anti theft off	#09#	
Set Baby Guardian	#10#:1234,1,2,GuardianNumber1, GuardianNumber2	E.g. if the guardian numbers are +919810012345 and +919810045678 then the command should read like #10#:1234,1,2,+919810012345,+919810045678
Guardian password change	#11#:default password,newpassword	Default password - 1234
Add other guardians phone number	#12#:Serial number, friend name,phone number	You cannot repeat serial number for 2 different numbers. If you do so, the last number will be saved as the serial number

The phonebook stores upto 4 phone numbers. i.e. Serial numbers 1-4 |

Note:

- Parents remote control code mentioned in the table above will be active only for GuardianNumber1 and GuardianNumber2
- With NO spaces. Please maintain the SMS format
